***Claim Rejections - 35 USC § 102***

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

2. Claims 1-4, 6-10, 12 and 13 are rejected under 35 U.S.C. 102(b) as being anticipated by Lotrous et al. (4,466,540; hereinafter Lotrous'540). Lotrous'540 discloses a package/display box comprising a housing having a base (10c, 20, 21) supporting a first slot (Figure 1, the first slot is provided on a wall 10c configured to receive the members 15a, 15'a), a lid (11) supporting a second slot (Figures 1 and 5, the second slot provided on a wall 11a) and a locking hanger (10a, 10b, 13) supporting a first tab and a second tab (15a, 15'a). Lotrous'540 further discloses in a locked position, the first tab engages the first slot and the second tab engages the second slot such that the lid remains in the closed position and is not rotatable until the locking hanger is disengaged. As to claims 2 and 3, Lotrous'540 discloses the lid comprises a top (11d), a pair of side walls (11b, 11c), a rear wall (between 11a-d) and a bottom (11a) extension includes the second locking member that extends from the rear wall.

***Allowable Subject Matter***

3. Claims 5 and 11 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.
